Developed as the most powerful cordless blower. Powered by two 18V Li-ion batteries in series to supply energy to the powerful 36V DC motor drive system. Dual battery fuel gauge. High air volume and speed delivered by brushless motor. Longer run time thanks to brushless motor. 6-stage air volume/velocity settings by dial with variable speed control by trigger. Lock on function, with button operable from either side of handle. 3-stage telescopic long nozzle with adjustment range of 100mm. Soft start. Constant speed control. Best grip to frame angle provides optimum nozzle to ground angle for efficient sweeping operation. Lightweight & compact for single handed operation. Low noise emissions.
